

Germany / DE Compliance Checklist for Golf Bags (DE/EN)

Hinweis / Note: Anforderungen sind program dependent und hängen vom Vertriebskanal (Retail / Wholesale / D2C) sowie Produktclaims ab.

1) REACH – Material & Trims (Program dependent)

- Zippers / Reißverschlüsse (slider, tape, puller): material and finish scope
- Buckles / Schnallen & hardware: coating/finish and corrosion/abrasion priorities
- Fabrics / Textilien & dyes: restricted substances planning and supplier declarations
- Coatings / Beschichtungen & adhesives: restricted substances planning
- BOM lock: versioned BOM + substitution approval workflow

2) EPR Packaging (Germany – LUCID, program dependent)

- Packaging spec locked before bulk (polybag, hangtag/insert, carton spec)
- Provide packaging material + weight data (per unit and per shipment)
- Carton markings: batch/lot/PO fields locked early

3) Labeling fields to lock early (channel dependent)

- Country of origin / Ursprungsland
- SKU/Barcode identifiers
- Carton label fields (batch codes, quantities, destination)
- Warranty / claim wording aligned to channel expectations

4) QC & bulk consistency

- Defect taxonomy defined before inspection
- Measurement tolerances defined for high-risk dimensions
- AQL inspection criteria confirmed (program dependent)
- In-line checkpoints at high-risk operations

5) Germany logistics checklist (DE/EN)

- Documents: commercial invoice, packing list, shipping docs, compliance docs (program dependent)
- Incoterms: FOB / CIF / DDP scope and milestones documented
- Warehouse delivery: carton markings + appointment planning
