

New Zealand Golf Bag Market Kit (B2B Procurement)

Use this kit to reduce sampling revisions, lock approvals, and protect bulk consistency.

1) RFQ checklist (NZ-focused)

- Product type: Stand / Cart / Staff / Tour / Sunday / Travel cover
- Target market: New Zealand (Auckland / Wellington / Christchurch)
- Quantity + variant plan: per colorway, per shipment
- Branding: placements, sizes, methods (embroidery / heat transfer / patch), artwork files
- Material package: fabric by panel, reinforcements, coatings, zipper grade, hardware finish
- Function: divider format, pocket list + dimensions + intent, cart-strap compatibility
- Packaging: polybag, hangtag/insert, carton spec, carton markings, drop/handling expectations
- QC: defect taxonomy + tolerances, AQL inspection level and sampling plan
- Incoterms: FOB / CIF / DDP (scope and milestones)

2) NZ compliance & labeling template (program dependent)

Label fields to lock early

- Country of origin: _____
- Retail identifiers (SKU/UPC/EAN): _____
- Carton markings (batch/lot/PO): _____
- Warranty/claim wording (channel dependent): _____

Material compliance (program dependent)

- Restricted substances scope: _____
- Supplier declarations required: _____
- Substitution approval workflow: _____

3) BOM template (golf bags)

Module	Part	Material / spec	Supplier	Color	Notes
Body panels	Main fabric				
Reinforcement	Base corners				
Zippers	Main openings				
Hardware	Rings/buckles				
Straps	Dual strap set				
Logo	Method + placement				
Packaging	Polybag/carton				

4) Defect taxonomy (example starter)

Critical defects

- Safety hazards, sharp edges, broken parts

Major defects

- Wrong logo placement beyond tolerance
- Stand system instability / functional failure
- Zipper jam or slider failure

Minor defects

- Small stitch inconsistency within tolerance
- Minor cosmetic variation

Measurement tolerances

- Key dimension tolerances: _____

5) NZ logistics timeline baseline

- Sampling confirmation: 7–10 days
- Bulk production: 30–45 days
- Ocean freight to NZ (Auckland): 25–30 days
- Customs + local delivery: 5–7 days

Peak season buffer (Sep–Nov): add 10–15 days.

6) DDP scope (program dependent)

- Clearance responsibility: _____
- Duties/taxes handling: _____
- Delivery appointment planning: _____
